

What weatherXchange® does

weatherXchange believes that easy access to weather risk protection is critical for businesses which need to address earnings volatility or uncertainty arising from weather. Businesses that may benefit from hedging their weather risk include those involved in agriculture, energy, construction, retail, leisure and tourism.

Who we are

weatherXchange Limited is part of the Speedwell Weather Group, a major provider of weather data and software to the weather risk management industry since 1999.

Summary

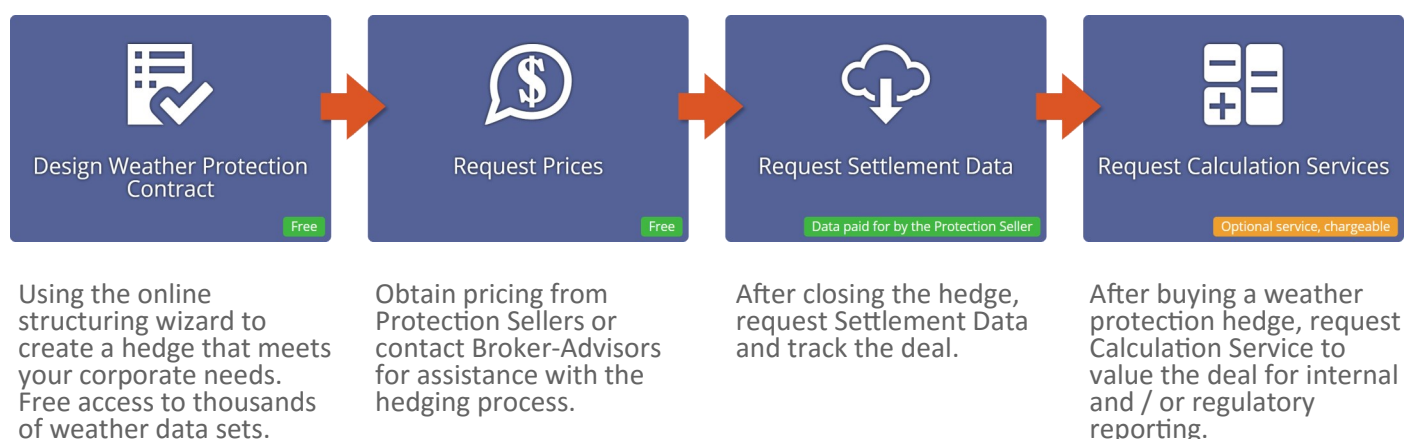

- weatherXchange provides free-of-charge access to weather data for purposes of structuring a weather hedge.
- weatherXchange provides a free structuring wizard that assists with building a weather hedge.
- weatherXchange connects hedgers with up to 10 Protection Sellers to obtain competitive prices or with Broker-Advisors for advice
- Upon purchasing a hedge the hedger receives access to Settlement Data and optional Calculation Services (chargeable).

Our Goal is to make weather risk hedging simpler by:

- Providing access to free, high quality, worldwide weather data for structuring weather hedges
- Providing free tools to help structure an appropriate index-based weather hedge
- Introducing hedgers to multiple Protection Sellers for easy price comparison for no charge
- Connect hedgers who need specialist advice or anonymity with Broker-Advisors
- Making the process of tracking and settling a weather protection hedge easier
